Re: WT Docket No. 02-55  
*Ex Parte Presentation*

Dear Ms. Dortch:

On Friday, May 18, 2007, Lawrence Krevor, Vice President, Government Affairs – Spectrum, Sprint Nextel Corporation (“Sprint Nextel”), Patti Tikkala, Vice President, Spectrum Management, Sprint Nextel, James Goldstein, Director – Spectrum Reconfiguration Projects, Sprint Nextel, and I held separate meetings with Commissioner Deborah Taylor Tate and Aaron Goldberger, Legal Advisor to Commissioner Tate, and with Bruce Gottlieb, Wireless and International Legal Advisor to Commissioner Michael Copps, to address the progress of 800 MHz reconfiguration. In both meetings, we discussed Sprint Nextel’s April 20, 2007 *ex parte* presentation, which included three interrelated proposals designed to refine the reconfiguration process: (1) a revised 800 MHz retuning cost standard to permit more negotiating flexibility; (2) replacement of the current 180 days of voluntary and mandatory negotiations with a single 90-day mandatory negotiation period that begins when an incumbent provides its retuning cost estimates and statement of work; and (3) adoption of the wide-area planning process for 800 MHz retuning proposed by public safety representatives and Sprint Nextel in their February 15, 2007 letter to the Commission. In addition, we urged the Commission to reject the unconstructive proposals contained in AT&T’s April 19, 2007 *ex parte* letter in this proceeding.

Pursuant to section 1.1206(b)(2) of the Commission’s rules, 47 C.F.R. § 1.1206(b)(2), this letter is being filed electronically for inclusion in the public record of this proceeding.

Sincerely,

/s/ Regina M. Keeney  
Regina M. Keeney
